VOLUME 57 — THE TOWNSHIP REGISTER, NILES, CALIFORNIA, FRIDAY, JANUARY 12, 1945 — NUMBER 2

WITH THE ARMED FORCES

Lt. V. P. YOUNG, son of the Virgil Youngs of Niles, was visiting his parents over last week-end here. Lt. Young came up from Albuquerque, N. M., where he has been piloting B-24's. He left Monday for Lincoln, Neb., being transferred to a B-26 bomber group.

—V—

MoMM 2/c JACK A. MUNSEN, graduate of Washington High, '42, was visiting his sister, Mrs. Beth Andrus, this week. He has spent 18 months in the Atlantic, taking part in two major campaigns.

—V—

Pvt. CLIFFORD COSTA is now in New Guinea.

—V—

Flight Officer JOHN R. PINE received his wings December 23 at Frederick Army Air Field in Oklahoma. After a 15-day furlough spent at the home of his parents, Mr. and Mrs. George Pine of Newark, he has gone to San Marcus Field in Texas for further training.

—V—

Cpl. D. C. SHIPMAN writes home to his family from Italy that when he returns home all he's going to do for a while is to eat, sleep, and dance. At present he is in a hospital. He has received the Purple Heart and the Silver Star.

—V—

Sgt. WILLIAM PESSAGNO has returned home from Saipan after almost three years in the South Pacific. After a 30-day furlough he expects to again be sent to the South Pacific.

—V—

HEADQUARTERS, AAF ENGINEER COMMAND IN ITALY — (Special to The Register)—Private First Class CLARENCE C. JOHNSON, of Niles, Calif., recently completed two years of overseas service with an aviation engineer company in the Mediterranean theater of operations.

Assigned to a general purpose aviation engineer company which landed in North Africa early in the Tunisian campaign, the members of the unit were surveyors, draftsmen, printers and camoufleurs. In 12 months spent in Africa, the small unit was responsible for the printing of all target charts and maps used by Allied air forces in the Tunisian campaign, in the bombing preliminary to invasions of Sicily and Italy, and in the early sensational attacks on Rome, Foggio, Brenner Pass and the Ploesti oilfields.

Moving to Italy, they took over a bigger job—manning the headquarters of the newly-formed AAF Engineer Command, the first consolidated command of aviation engineers in military history. Men who had before been camoufleurs and printers became clerks and typists.

They prepared hundreds of airfield designs, thousands of pages of airfield data, plus the mountains of reports which are necessary in army administration.

—V—

CM 3/c CECIL GRIFFITH, son of Mrs. Lillian Corey, sent snapshots home picturing himself and a gigantic shark he had caught in the South Pacific. He and a buddy wrestled with the big fellow an hour before they landed him. The fish was 7 feet 6½ inches in length. Griffith, who left Washington High School in his senior year to join the army, has been in service for very nearly three years. He says he enjoys getting the Register, and passes it on for other fellows who have never heard of Washington Township.

Chamber of Commerce Hears Report On Planning Committee

Material for the advertising folder which the Metropolitan Oakland Area Committee is issuing for Washington Township is now complete, according to A. J. Petsche, who reported on activities of the Washington Township Planning Committee to the Niles Chamber of Commerce at its luncheon meeting Monday.

George C. Roeding Jr., township representative on the Metropolitan committee, has placed photographs and editorial matter with an Oakland advertising agency which will lay out the folder.

Among scenes of Washington Township to be pictured are: an aerial view of the entire township, Washington Union High School, agriculture, the California Nursery, Kraftile Company, the Pacific States Steel mill, California Pottery, Holly Sugar plant, the two salt companies at Newark, Westvaco, James Graham Manufacturing Company, and the Masonic Home.

Preparation of the folder has been in the hands of Petsche, Roeding, Jack Rees, Gladys Williamson, Ed Enos and L. R. Batman.

Petsche also told the Niles chamber that there is good likelihood that the improved lighting of township road and street intersections promoted by the township planning committee will be adopted by the board of supervisors.

The Washington Township Planning Committee is sponsored by the Niles Chamber of Commerce, the Centerville Lions Club, the Alvarado Chamber of Commerce, the Niles Rotary Club and the Newark Chamber of Commerce. Various inactive chambers of commerce in the township are also represented on the committee.

Among activities of the planning committee, reported Petsche, a petition for zoning of the township has been presented to the supervisors. Zoning of Alameda County has been accepted as a policy by the supervisors. However, request for such zoning must originate in various localities wishing it; hence the local committee's petition.

Petsche is to be a guest of Harold D. Weber, manager of the Oakland Chamber of Commerce at a meeting today in Oakland. Elmer Hammond, industrial manager for the Oakland chamber, will report on his recent promotion tour in the East.

OTHER ACTIVITIES OF PLANNING COMMITTEE

The planning committee will soon have another accomplishment on its records when maps of Washington Township, production cost of which is being borne by the Niles Rotary Club. Ed Enos, representing Rotary on the planning committee, conceived and executed plans for publication of the map, which will be an exact replica of the county surveyor's map, in convenient size. Enos also secured Rotary's sponsorship of the project.

Further achievements of the planning committee are representation of the township on the Metropolitan Oakland Area Committee, in the persons of Jack Rees and George Roeding. Direct outgrowth of this representation is the advertising folder.

As a result of the planning committee's soliciting of co-operation from the Oakland Chamber of Commerce, Elmer Hammond, industrial manager of the Oakland chamber, has been "selling" Washington Township to industrialists in the East. Returning from an eastern trip recently, Hammond reported that one industrial firm he had contacted was definitely interested in an East Bay location after the war, particularly in Washington Township because of the easy access here to certain raw materials.

GLASSBROOK SUGGESTS TOWNSHIP C. OF C.

Suggestion that the Niles Chamber of Commerce sponsor formation of a township chamber of commerce was made at the Monday meeting of the local chamber at the Florence Restaurant by E. F. Glassbrook, manager of the local water company.

He cited the formation of the Hayward area Chamber of Commerce, of which he is a director, as an example of the type of organization the township should have.

Presently there are but two active chambers of commerce in the township, Niles and Alvarado.

President E. E. Dias of the Niles chamber asked Glassbrook to contact various township business men and industrialists for their opinions on forming and supporting a township chamber. Glassbrook will give his report at next Monday's meeting.

WASHINGTON DEFEATED BY BELLARMINE

In a rough session with Bellarmine last Friday the Washington basketball teams suffered a double defeat. The A's lost 37-30, the B's 27-24. Fouls were plentiful in both games.

Stanley Maffey, who was kept out of last Friday's game by illness "Why Have a Sunday School?" portant league game with Mountain View on the Washington court.

Mountain View has been undefeated in league play. The Huskers hope to stay in the league race by drawing a win. Their record to date in league play is one win and one loss. The game begins at 7:30.

SERVICE MEN VISIT ROTARY

Two Niles servicemen were guests at yesterday's luncheon meeting of the Rotary Club. They were Sgt. Richard C. Attinger, member of Rotary who formerly was in business in Niles, and SK 2/c Harry Cesari, who is home from Brown Field, Calif., because of the death of his father, Fulton Cesari.

Young Cesari has seen action in the South Pacific and just recently was stationed at Brown Field.

Sgt. Attinger has been attached to a pathfinder squadron in the European theater of operation. Credited with shooting down one Nazi night-fighter and with one probable, he was radio operator and gunner on a B-26 and flew 55 missions in Europe. Before being granted leave he was stationed in France.

The sergeant has won the Presidential Unit Citation, Distinguished Flying Cross, Air Medal with two silver clusters, and E.T.O. Ribbon with five bronze clusters. He will be re-assigned when his present leave expires.

HOMEMAKERS DISCUSS PROBLEMS AT MEETING

Home-making teachers of Southern Alameda County met at W. U. H. S. last Tuesday afternoon to discuss problems of their profession. Mrs. Josephine Morris acted as chairman and hostess.

Miss Lorene Killie, director of audio-visual education of Alameda County, demonstrated modern visual aids. Mrs. Ethel Ward, co-ordinator of curriculum, spoke briefly.

Refreshments were served and the enthusiastic discussion lasted well past adjournment time.

FUNERAL FOR MRS. CURRIER

Funeral services for Mrs. Susie Currier, 72, wife of the late William Harold Currier and formerly of Alameda, were held in Oakland Monday under the direction of Berge Mortuaries. A native of Wisconsin, Mrs. Currier came to the Niles Rest Home recently, where she passed away.

JOHNNY CONNER, of the Merchant Marine, is now in the Philippines, according to word received by his mother, Mrs. Flora Conner, who teaches at the Niles school.

—V—

Pvt. ALVIN J. KING is home on furlough visiting his parents, Mr. and Mrs. John R. King of Irvington. He has completed 12 weeks of basic machinist training at Fort Crook, Neb.

—V—

S/Sgt. JOHN S. PERNIZ, husband of Mrs. J. S. Perniz, and son of Mr. and Mrs. Joe Sanchez, Niles, has arrived in the United States on furlough from the Asiatic Pacific theater of operations, where he served 18 months with the infantry.

HE WAS GOING TO AID THE BLIND . . . NOW HE IS BLIND

Cruelty to the helpless is one of the baser instincts of man. It is manifest in this war in the extreme degree by tortuous treatment of helpless Poles and Jews by the Germans. It was manifest this week, in Niles, in a lesser though equally abhorrent way when somebody wantonly flung acid into the eyes of a helpless puppy.

The poor little canine, a German shepherd, shortly to have been trained as a seeing-eye dog, was blinded. Whether he ever completely recovers his sight is not known.

WASHINGTON HIGH IS SECOND IN BOND SALES

According to a release from the office of the county superintendent of schools, Washington Union High School came in second in the total sale of bonds in the southern county area during the Sixth War Loan.

Washington High bond sales amounted to $18,262. Hayward High was first, with $22,900. Other township schools are: Centerville, $4,181.25; Decoto, $806.25; Irvington, $2,668.75; Mission San Jose, $3,750; Newark, $2,775; Niles, $4,343.75; Warm Springs, $375; Alvarado, $525.

STANFORD DEAN TO SPEAK AT FOOTBALL DINNER

Next Tuesday the annual football dinner will be held at the high school cafeteria at 7:30. Guests will include the board of trustees, Principal J. V. Goold, Vice Principal Warren Gravestock, Coach Irving Hird, and the entire football team and their managers.

Acting as toastmaster will be Wayne Calhoun, captain of this year's football team. John Bunn, dean of men at Stanford University, will be the speaker of the evening. Entertainment will be provided by Accordionist Albert Silva.

The dinner will be prepared by the ladies of the high school P.T.A. and served by the Girls W Club.

150 ATTEND PARTY IN STANLEY'S HONOR

An enthusiastic crowd of over 150 persons attended the banquet held at Castro Villa last Tuesday evening in honor of Chester E. Stanley, who was officially seated as county supervisor from the first district at ceremonies held Tuesday morning. The banquet, sponsored by the Southern Alameda County Progressive Club, was chairmanned by Frank George.

Other guests of honor included Supervisor Thomas Caldecott, Supervisor Harry Bartel, Al LaCoste, mayor of Emeryville, and Councilman Roberts from Livermore.

The program was emceed by Joe "Sparky" Lewis. Others in charge of arrangements were Pete Nunes and Manuel Bernardo.

COUNTY TAX RATE SHOWS 8c DROP

New Year's round-up of facts about Alameda County government shows the county tax rate for general purposes at $1.0903 for 1944-45, compared with $1.17 per $100 of assessed value for 1943-44; assessed value of taxable property in the county of $506,029,830 for 1944-45, compared with $490,370,933 for last year; per capita valuation of $638 for this year, compared with $754 for 1943-44; and 735,000 people estimated in the county at January 1, 1945, compared with 650,000 on January 1, 1944. These data, summarized by California Taxpayers' Association, are for the county alone. Data for the cities, and the school and other districts in the county, are not included.

NILES CAFETERIA SOON TO OPERATE UNDER WFA PLAN

The Niles Elementary School will soon have its cafeteria operating under the WFA school lunch subsidy plan. This announcement was made this week at the regular meeting of the Niles P.T.A.

The new lunch plan, whereby a child can get a complete meal, including milk, for as low as 13 cents, has been under discussion for some time. Definite action had been delayed pending recovery of Trustee Joe Gomes, who has been seriously ill at his home.

Now that Mr. Gomes has recovered, the school board is expected to start the ball rolling that will bring to each Niles school child a complete well balanced meal at a minimum cost. The plan has been operating in the Centerville and Irvington schools for some time and has proved very successful.

It was also announced at the meeting that Mrs. Flora Haines will be the speaker at the next meeting, to be held on the night of February 9.

E. Dixon Bristow, principal, concluded the meeting with an informative talk on soil erosion and conservation. He illustrated his talk with slides.

Refreshments were served by the sixth-grade mothers.

COUNTRY CLUB PAID TRIBUTE OVER RADIO

Members of the Country Club of Washington Township who were fortunate enough to have tuned in to KSFO last Wednesday at 12:45 were properly thrilled by the signal tribute paid to the country club by Mrs. William Foster, who gave a 15-minute resume of work done by the California Federation of Women's Clubs during the past year.

Mrs. Foster, state chairman of publicity for the federation, gave brief sketches of work done by several clubs, mentioning them by name. Her discussion of the work done by the Washington Township club should have been flattering to this organization, for she consumed more time and went into more detail than with any of the others.

She spoke mainly of the war work and allied projects completed by members of the local country club. Her material was acquired from the Club Service Survey Book, recently compiled by Mrs. Roland Bendel and her assistants, Mmes. J. R. Sutton, Gladys Williamson, Warren Gravestock, L. E. Bailey, August May, Mabel Fitzgerald, Henry Dusterberry, Dora Fuller, E. A. Richmond, Alma Searles, W. E. Trenouth, L. S. Williams, C. B. Overacker, E. A. Ellsworth, J. E. Nihil, J. J. Alberg, E. E. Dias, George Goodale, Arthur Belshaw, Franklin Brown, Thomas Robbins, Miss Carol Overacker, and Mrs. E. H. Hirsch, president.

The war services of the country club listed in the survey book and quoted by Mrs. Foster over the air include: the greatest contribution of all, 50 service men; total hours of war work by members, 116,360; blood donors, 108 pints, which includes one 9-pint donor and four gallon donors; and bond selling, with $16,075 worth of bonds sold by club members.

'WHY HAVE SUNDAY SCHOOL?'

"Wh Have a Sunday School?" will be the basis of the morning message of Newark Presbyterian Church at 10 a.m., according to Mr. James Brown. He will prove that there is greater need for Christian education now than ever before.

After this service the newly reorganized Sunday school begins with Mrs. Grace Brown as superintendent.

STATE GUARD TO HOLD RECRUITING MEET MONDAY

A California State Guard meeting to which all men interested in membership are invited will be held at Washington High School Monday, Jan. 15, at 8:30 p.m.

Effort is being made to increase township membership to sufficient strength to organize a company.

Sgt. Walter Mails, of baseball fame, will be speaker of the evening.

S. P. EXECUTIVE TO SPEAK AT FELLOWSHIP CLUB

A large turnout is expected at the next meeting and dinner of the Men's Fellowship Club of the Niles Congregational Church, January 18, in view of the acceptance by L. R. Smith to be guest speaker.

Mr. Smith, assistant superintendent of the Southern Pacific Company, is well known throughout the bay area and is posted on every subject relating to railroading. His talk to the Fellowship Club will be especially interesting and timely, dealing as it will with the miracles performed by railroads during war times

Members of the Club who plan to attend this dinner are asked to bring a few red ration points with them.

RACIAL PROBLEMS TO BE AIRED AT FORUM HERE

A community forum of unusual interest will be presented next Wednesday, Jan. 17, at 7:45 p.m. in the high school library. "Racial and Minority Groups" will be discussed by a panel of speakers familiar with the problems of Washington Township.

Various points of view on the topic will be presented. L. R. Batman will speak from the newspaper angle, Carl Mohn for labor, Jack McDonald for the employer, and Miss G. I. Knoles for the educator. E. J. Roberts, head of the school social studies department, will act as chairman.

LIONS SPONSOR SPEAKERS CONTEST

Washington Union High School will participate in the eighth annual student speakers contest sponsored by the Lions Club of California and Nevada.

Topic for this year is, "What My Parents Mean to Me." Each student entering the contest shall prepare a written manuscript of his talk, not to require over 10 minutes or less than 8 in delivery time, and shall secure approval of a member of the school faculty.

An elimination contest will be held at Washington Union High School to determine the three winning speakers. These three will appear before the Centerville Lions Club on Tuesday evening, Feb. 27. A committee of judges will determine the winner, who will be certified to the Zone Contest.

Lion J. V. Goold, past president of the Centerville Lions Club and principal of Washington Union High, is chairman in charge of arrangements and is being assisted by two members of his faculty, Warren Gravestock and Emmet Roberts. Lion A. E. Alameda, zone chairman and past president of Centerville Lions Club, is in charge of arrangements for this district.

LIONS HEAR TALK ON PERU

Speaker of the evening at last Tuesday's meeting of the Lions Club was Major Edward Westphal, former township doctor, now in charge of the United States Army medical mission in Peru. Major Westphal spoke interestingly of the topography, inhabitants and health hazards of Peru and stressed the friendly feeling of that country toward the United States.

During the evening three new members were initiated into the club: Irving Hird, Ed Rose, and Elmer Stinehilver.

RITES HELD FOR FULTON CESARI

Funeral services were held Tuesday, January 9, from the Berge Mortuary in Niles for Fulton Joseph Cesari, husband of Susie Cesari and father of Guido of Suisun; Frank of Stockton; Dave, private in the Army; Mrs. Lillian O'Connor of Niles; Fulton Jr. of South San Francisco; Morgan, sergeant in the Army; SK 2/c Harry. He is also survived by two sisters, Mrs. Jennie Brunelli and Mrs. Rosie Bertolozzi, both of Niles.

Cesari, 67, was a native of Sebastopol and a charter member of Salesian Council Y.M.I. of San Francisco. Interment was at Holy Sepulchre Cemetery, Hayward.

WESTPHALS BACK FROM PERU; TELL OF EXPERIENCES

Major and Mrs. E. A. Westphal and their young son, who have been living in Lima, Peru, for the past two and a half years, were back in Washington Township this week, visiting at the Gilstrap home in Centerville. Major Westphal, who prior to the war practiced medicine locally, is director of the Inter-American Health Service in Peru.

The Westphals came by Pan American clipper from Peru, a trip requiring three days. The major was called to Washington in connection with his South American work and was granted a 30-day furlough.

Need of rubber and quinine by the United States is the primary reason for Major Westphal's being stationed in Peru. The co-operative health work there is supported about equally by the United States and the South American country. Three million dollars is spent annually under Major Westphal's supervision.

Fifteen persons work under him in Lima — doctors, sanitary engineers, nurses and administrators. He has supervised establishment of seven hospitals in various parts of inland Peru where rubber and quinine are produced.

A unique phase of his work is the system of floating dispensaries which ply up and down various tributaries of the great Amazon River, providing medical service to workers in the jungles. Seven of these floating dispensaries are in operation, each manned by a doctor, a nurse and a boat crew of five.

Principal diseases encountered in the tropical jungles are malaria, hookworm and the yaks. Native Peruvians are very grateful for the services provided by the Inter-American Co-operative Health Service. Petitions are constantly being received from various jungle areas by Major Westphal's office for establishment of new hospitals, dispensaries and health centers.

On his duties in the jungle-mountain area the major travels by plane. He has eaten monkey meat, aligator meat and wild pig meat. The monkey, he says, is rather like veal and would not be so hard to eat if you didn't know that it was monkey meat. Tail

What Shall We Have For Dinner ?

We think this is the time to mention one of the finest cook books—and one of the most beautiful — we have ever seen. 125 lucky women in the Township are proud owners of this book. It was compiled by Miss Irma Bond of the Irvington Elementary School, with the assistance of Joan Dutra and members of the eighth grade.

The cover will be a joy forever. for it is a thing of beauty as well as being practical and resistant to splatters. It is shellacked wood. On the front is a hand-painted flower and fruit motif, painted by the children.

But you are probably more interested in what is between the covers. And there is plenty! There are some mighty fine cooks in Irvington, and these recipes are contributed by some of the finest. That means that they have been tested and proved by women whom you know to be good cooks.

We have selected three recipes, not only because they're good but because they're timely and easy on the points.

SPANISH MEAT LOAF

(Contributed by Mrs. Herbert Rogers)

2 pounds ground meat
1 egg beaten
2 cups cooked rice
1 onion
2 tblesp. olice oil
1 clove garlic
12 olives (pitted)
1 cup tomato pulp

Chop onion and garlic and cook until tender in oil. Add the meat, rice, tomato, beaten egg and chopped olives. Mix thoroughly, adding salt and pepped to season. Pack into a greased pan and bake in oven about 375 degrees for about 1½ hours. Serve hot, with anchovies, water cress or mixed vegetable salad, pickled beets and green peas.

PARADISE PUDDING

(Mrs. E. H. Hirsh, contributor)

1 package orange or lemon jello
1 cup boiling water
1 cup cold water or fruit juice

Dissolve jello and set aside to harden. When congealed enough to whip add about 1/2 pint pastry cream gradually and beat for a few minutes. Add 1 cup chopped nuts, 1 cup marshmallows chopped and soaked in maraschino cherry juice, 1/2 cup marschino cherries chopped, 1 cup crumbled vanilla or chocolate wafers. Chill and serve with whipped cream.

CREME-AU-CHOCOLATE PUDDING

(Mrs. T. J. Berge, contributor)

4 level tablespoons chocolate
2 tablespoons sugar
2 cups milk
3 eggs
pinch of salt

Put milk on to boil, then mix chocolate with the sugar and add some of the hot milk to make a smooth syrup. Remove from stove. Add the 3 beaten yolks. Next add the rest of the hot milk and 1 teaspoon vanilla. Fold in the stiffly beaten whites. Pour into a pudding dish and bake in a pan of hot water for 30 minutes. Serve plain or with cream.

Sorry, but if you want any more of these mouth-watering recipes you'll have to beg, borrow, or steal a copy of the cook book.

CARD OF THANKS

I wish to thank the student bodies of Washington Union High School and of Centerville Elementary School and all my coworkers for the splendid job they did in assisting me during the Sixth War Loan Drive.

SAN CARLO OPERA COMPANY WILL PLAY SAN JOSE

The San Carlo Opera Company goes to San Jose at the close of its engagement at the San Francisco Opera House, taking Verdi's "Il Trovatore." The notable cast includes Elda Ercole as Lenora; Marie Powers as Azucena; Lydia Edyards as Inez; Tandy MacKenzie as Manrico; Stephan Ballarini as Count Di Luna; Harold Kravitt as Ferrando, and Richard Vivaldi as Ruiz. Nicholas Rescigno conducts the orchestra and Lydia Arlova with Lucien Prideaux head the ballet.

"The Merry Widow," as captivating as when it stormed Vienna, Paris, London and Broadway a quarter of a century ago, is scheduled for San Jose on Sunday evening, January 28. Nancy Kenyon is starred in the title role, and the entire New York cast is said to be exceptional. In the famous Maxim's Restaurant scene, the dance team of Tyril and Julie are said to "stop the show."

Thinking Things Over...

By VIVIAN BATMAN

"What are you doing with that shovel?" asked the editor, coming upon me as I was digging in back of the Register office.

"I'm digging fox holes," I replied, going on with my work.

"I know the war is lasting longer than we thought it would," observed the editor, "but do you actually think it is coming to this?"

"I am not thinking about the war—at least not now," I replied succinctly. "I am thinking that when our landlady takes back our house, which she is going to do shortly on account of she doesn't like living in San Francisco any longer—for which I don't blame her—we will have no place to live. After all, fox holes without bombs or snipers buzzing around might be quite cozy."

"Yes, but where would we put the piano?" asked the editor, who is such a practical man.

But of course he's right about it. Besides the piano, there are also a couple of items like the refrigerator and stove. (Q.E.D.: We'll give anybody a year's subscription to The Register—make it 10 years!—who finds us a place to live.)

On the society page of "The Carmel Pine Cone Cymbal" we see this little item:

"Jossylin Hogue and his wife Betty were agreeable house guests over this tempestuous New Year's holiday at the domicile of Phil Nesbitt."

We think this little item is noteworthy. Indeed, by rights, it should be headlined! How many house guests are agreeable?

Not many. They smoke in bed and make holes in your wool blankets. They get up at 10 when you have breakfast at 8. They take inventory of your medicine chest in the bathroom. They polish their shoes with your bath towels. They always want three big meals a day. They don't like liver, or any low-point meats. All told, when you come across house guests that are agreeable it is really something that should go in the news section rather than the society column.

We heard the other day that a reader of this column reads it when he takes a foot bath. With all the other reading matter that he COULD read while he takes a foot bath, we take that as a compliment. It is the same thing, in effect, as a boy bringing home a girl for his mother to meet. It's being "taken in." It MEANS something. (For heaven's sake, don't ask "what?")

Mr. and Mrs. Daniel Cross and family, accompanied by Mr. and Mrs. Edward J. Callahan, went to Vallejo last Sunday to spend the day with Mr. and Mrs. Joseph Rose and family. The Roses are former residents of Irvington and daughter of the Callahans.

Mrs. Mildred Steele, clerk at the Mission Postoffice, has been confined to her home for a week with the flu and a very severe sore throat. She is improved but will not be at her job for a few days yet.

Silent, living "personators" enacted the parts of dead ancestors in the family worship of ancient China.

What to do about beans, macaroni, rice, etc.

Versatile—is the word for these foods—because they can be made the basis for a large variety of low cost main dishes. To make *real meals* from them—just look at these ideas:

Try serving steamed or boiled rice, spaghetti or noodles in place of potatoes.

Serve macaroni or spaghetti topped with homemade or canned chili for a hearty economy dish.

Make a rice custard from left-over rice—or add it to ground meat dishes, griddle cakes or muffins.

LOAF

4 cups cooked spaghetti, macaroni, noodles or rice
2 tbsps. shortening
3 tbsps. flour
1½ cups milk
1 tsp. salt
⅛ tsp. pepper
⅛ tsp. paprika
1 cup grated American cheese
3 tbsps. finely chopped pimiento
¾ cup finely chopped green pepper
3 eggs

Make white sauce: melt shortening, blend in flour, add milk gradually and cook until thick, about 10 minutes, stirring constantly. Add seasonings, cheese, pimiento and green pepper; cook 5 minutes; add *spaghetti, macaroni*, noodles or rice. Add well beaten eggs and pour into well-greased loaf pan or ring mold. Bake in pan of hot water in moderate oven (350° F.) 45 minutes or until set; unmold. Serves 6.

BEAN CHILI

3 medium-size onions
1 bud garlic
1½ lbs. ground beef
3 tbsps. oil or shortening
2 to 3 tbsps. chili powder
3 bay leaves
1 tbsp. salt
3 cups cooked tomatoes
3 cups water
2 cups dried pink beans

a. Chop onions and garlic. Saute slowly with meat in hot oil or shortening in large heavy frying pan until meat separates, stirring constantly.

b. Add seasonings, tomatoes strained through sieve, and water. Cook slowly 2 hours, stirring occasionally.

c. Pick over and wash beans. Cook slowly in covered 3 to 4 qt. kettle with water to cover until tender, 2 to 3 hours. Add more water as needed to keep beans covered with liquid.

d. Add meat mixture to beans; let stand several hours or overnight. Heat when ready to serve. Serves 8 to 10 generously.

(Note: If beef is not available, other ground meats such as lamb, pork, liver, heart, or combination of these may be used.)

WESTPHALS BACK

(Continued from page 1)

meat of aligators, he says, is not too unpalatable, although it is coarse.

Quite an ordinary item of diet in Peru is the quinea pig. Major Westphal reports that it tastes rather like chicken. But he says this without relish.

The city of Lima is modern and quite remindful of California. The climate there is about the same as in California. Architecture, too, is similar. Better residential districts of Peru, he says, look almost exactly like Beverly Hills homes.

While the reason for the Inter-American Heatlh Service now is to provide medical care for workers in the production of quinine and rubber, Major Westphal states that there is also a longer-range aspect to the work.

The United States recognizes that South American countries can provide good post-war markets for our products. By helping Peru now in production of its jungle crops we are building a prosperity that will give higher purchasing power to Peruvians after the war.

The good neighbor policy of the United States is not unappreciated by Peruvians, according to the major. South Americans are just a little distrustful of us, however, remembering our past "interference" in Mexican, Cuban, Puerto Rican, Panamanian and Nicaraguan affairs, as well as affairs of still other Latin-populated countries. If South Americans can be assured that we have no further designs of interference, we can become better neighbors to them and will receive better evidence of their good-neighborliness.

Major Westphal will go to Washington, D. C., and thence return to Peru, hoping to meet Mrs. Westphal, who will embark at San Diego, somewhere en route.

"FUTURE FARMERS OF AMERICA" make America's future look bright!

With their country at war, the thousands of school boys of the 7000 chartered local chapters of "Future Farmers of America" have made a spectacular contribution to Victory. By raising chickens, turkeys, cattle, sheep and other livestock...by planting, cultivating and reaping farm crops...by such diverse activities as developing better fruit orchards and more humane methods of trapping wild animals for furs, they have furnished many millions of dollars worth of vitally needed supplies to the war effort. And, in doing this, they have developed initiative, stamina and character that will stand this country (and the world!) in good stead in the postwar years.

• You wouldn't throw hard earned dollars away. Then why pay more for a personal loan than the Bank of America rate? The cost of a Bank of America *Timeplan* loan, repaid at maturity in 12 equal monthly instalments, can be as much as 50% less than the cost of a similar loan arranged through many lending companies . . . and there are no other charges . . . no deductions.

FIRST IN FARM ELECTRIFICATION

There is a final FIRST for California Agricultute that this company mentions with pardonable pride. It is that *California farmers lead those of all other states in the use of electric horsepower.* And in the *46 counties into which P. G. and E. lines extend 95.9 per cent of all farms within one quarter mile of a distribution line use electricity for lighting, pumping and other farm labor saving devices.*

Availability of electric horsepower to make up for the lack of manpower has meant much to California farmers during these war years.
